Norms for providing incentive for technical Journal Publication

This scheme envisages promotion of research activity by providing incentive for publishing technical papers in SCI/SSCI journals to faculty members of government engineering colleges. The maximum assistance under this scheme is 10,000/-. The application form for assistance may be submitted to the Dean Research, in the prescribed format through Satellite Centre along with copy of paper published and the copy of the Review reports of the journal.

The following guidelines are used for the sanctioning of incentive.

1. The paper should be published in SCI/SSCI journal. Copy of Review reports has to be enclosed along with application.
2. The copy of the paper published in the journal should be accompanied along with application.
3. Proof of journal coverage in SCI/SSCI has to be produced.
4. The applicant is eligible for only one incentive in a calendar year.
5. The applicant shall be the corresponding author of the paper.
